Q4 知識の問題

The puzzle consists of two rows of five illustrations each. The top row shows the heads of a pig, a flamingo, a horse, a monkey, and a bear. The bottom row shows the legs of a pig, a flamingo, a bear, a horse, a monkey, and a camel. Red lines connect the heads to their corresponding legs: Pig head to pig leg, Flamingo head to flamingo leg, Horse head to horse leg, Monkey head to monkey leg, and Bear head to bear leg. A small square with a black dot is located on the left side of the puzzle area.
